Workmanship and Material

Arbutus Vinyl Ltd. (DBA Arbutus Sundeck) offers a One Year Warranty on workmanship. As wood is a natural substance, we cannot warranty against natural seasoning (sun, rain, heat/cold) of the product. I.E. Shrinkage, Warpage, Cracking are not considered workmanship and are not warrantable. If using straight edge or tongue & groove boards, gapping will occur due to shrinkage. Arbutus Sundecks recommends application of a staining/oiling product as early as possible while obeying the stain manufacturer's recommended timelines with regards to dampness. Natural wood products are subject to variations in grain or colour, or by minor blemishes. The finished product may therefore appear different from samples or photographs. Mill grading marks may appear on the lumber in the form of grade stamps or chalk / crayon strokes.
